## ALL-METAL PLANE CALLED STEP FORWARD IN AVIATION

John L. Larsen standing before his all-metal plane after its flight.

Aeronautical engineers have pronounced the unique all-metal airplane, built by John K. Larsen, a step forward in aviation. The new craft, a mono-plane, re-

cently set a new non-stop flight record for the U. S. when it made the trip from Omaha, Neb., to Pine Valley, N. J., without halting. The plane, with Larsen on

board and Bert Acosta piloting it, left Omaha at 4 a. m. and was forced to land at Pine Valley at 8:12 p. m. The plane flew to Central Park, N. Y., the next day

McAdoo As Choice Of The Democrats.

(By Associated Press.)

San Francisco, July 3.—Balloting for a presidential candidate was resumed when the Democratic National Convention met today. Two ballots were taken before adjournment last night, without any candidate receiving more than about one-third of the requisite two-thirds vote to nominate.

But as the delegates assembled for what was expected to be the final session of the convention, predictions were made that a nomination would come without a protracted struggle.

Just as Harding's name filled the air as the probable Republican nominee three weeks ago this morning, on the final day of the Republican convention, so William G. McAdoo's appeared to be in the ascendancy as the delegates assembled today, with this difference—that the Ohio candidate had been agreed upon by the element in control of the situation at

## THE WEEK'S WEATHER

Washington, July 3.—(Associated Press).—Weather predictions for the week beginning Monday are: Ohio valley: Local thunderstorms probable first half, generally fair thereafter. Temperature will average about normal.

Chicago, while the New York man's supporters had still to fight a stubborn opposition with no definite assurance of success.

Friends of Attorney General Palmer and supporters of Governor Cox took into careful account the reported strength of McAdoo, but expressed no fear that he could win the nomination in the face of the strong opposition of some of the party leaders.

The Palmer and Cox men claimed they would pick up many delegates from the scattered candidates who are expected to rapidly vanish.

McAdoo men admitted their candidate had the opposition of certain leaders, but pointed out that it is not well organized and therefore not effective.

McAdoo, Palmer and Cox were the leaders in the two ballots taken last night. On the first, McAdoo had 265 votes, Palmer 256, and Cox 134. Governor Smith of New York had 109, of which his own state gave him its full quota of 90 votes.

On the second ballot, McAdoo received 289, Palmer 264 and Cox 159. Smith votes dropped to 101. Reports that New York would throw most if not all its strength for McAdoo were heard early today.

Another big crowd was on hand to watch the delegates pick the party's nominees, the final act of the convention, which has been in session six days.

CANNOT ADJUST  
THE CAR STRIKE

(By Associated Press.)

Dayton, O., July 3.—Dayton today prepared to celebrate the Fourth of July without street cars. At the end of the second week of the strike today, a situation prevailed which was termed "hopeless."

Regular auto bus lines were in full operation today. Petitions were being circulated calling for the public to also go on strike and refuse to ride on cars when they do start running.

(By Associated Press.)

New York, July 3.—With two letters in her hand explaining she was tired of life, Miss Mary Helen Fee, educator and author, was found today in a critical condition at the entrance of St. Nicholas Park, her wrist badly slashed.

One letter was addressed to the police asking that her name be kept from the newspapers. "I see no reason why my private affairs should be made public," it read, "or the fact that I have found life not worth living to be exploited to permit newspapers to be newsworthy. I have chosen this spot to end my life in order that I may spare annoyance to anyone where I roam."

THREE KILLED

BREAK TO COX  
IN THE SEVENTH

McAdoo 384; Cox 295½; Palmer 267½.

The first big break in the solid delegation came in the seventh when New York's delegation of 90 was swung away from Governor Smith and gave 68 to Cox, 16 to McAdoo and the others scattering.

New Jersey broke to Cox going 25 from the block that had been cast solidly for Edwards.

(By Associated Press.)

Auditorium, San Francisco, July 3.—McAdoo and Cox made all the gains up to the fifth ballot in the balloting for presidential choice in the Democratic National Convention. Palmer was losing strength. No marked break had occurred in the balloting up to the fifth.

The official standing of the various candidates on the fifth ballot stood:

McAdoo 357; Cox 181; Palmer 244; Cummings 21; Owen 34; Hitchcock 5; Meredith 27; Smith 95; Edwards 31; Davis 29; Glass 27; Marshall 29; Clark 9; Colby 2.

BIG BREAK FAILS  
TO MATERIALIZE  
ON THIRD BALLOT

(By Associated Press.)

Auditorium, San Francisco, July 3.—McAdoo led the gains on the first ballot of the day but the predicted slide to him failed to materialize. Most of the original votes stood pat.

The unofficial totals for the leaders were:

McAdoo's gain was 34½; Cox 18; and Palmer lost 11½.

North Carolina furnished the first break to McAdoo, the delegates swinging from Senator Timmons. The change was expected.

The third ballot as officially announced was 1084 votes cast. Necessary to choice 722. McAdoo 323½; Cox 177; Palmer 251½; Gerard 11;

Cummings 26; Owens 23; Hitchcock 16; Meredith 35; Smith 92; Edwards 32½; Davis 28½; Glass 27.

LITTLE CHANGE  
IN THE FOURTH

The fourth ballot stood: McAdoo 339; Palmer 254; Cox 178; others virtually unchanged.

## SIXTH BALLOT

(By Associated Press.)

San Francisco, July 3.—There was little progress toward a nomination on the sixth ballot. The leaders stood: McAdoo 368½; Cox 195; Palmer 265½. McAdoo gained 11½; Palmer 21½; and Cox 14.

HARDING NOW  
ON WAY HOME  
FOR LONG STAY

Leaves on 410-Mile Auto Trip For Marion, Ohio, Where Home-Coming is Staged For Monday.

(By Associated Press.)

Washington, July 3.—Senator Harding left Washington today by motor for his home town of Marion, Ohio, where he plans to stay almost continuously until after the November election.

This will be his first visit there since his nomination as the republican presidential candidate and his home folks have arranged a great home-coming celebration when he arrives Monday.

Accompanied by Mrs. Harding, a secret service man and half a dozen newspaper correspondents, the Senator left his home on Wyoming Avenue at 1:00 p. m. Before him was a run of approximately 410 miles with two overnight stops before his arrival at Marion, planned now for 1:00 p. m. Monday.

BROKER LOSES  
NEAR MILLION

(By Associated Press.)

New York, July 3.—Arrested today on a charge of grand larceny, Robert Morris, a stock broker, told the police that he had lost nearly a million in stock deals within the last few months.

He was committed to jail pending arrival of detectives from Syracuse, his home.

LEADERS HAVE  
LITTLE REST  
DURING NIGHT

(By Associated Press.)

Auditorium, San Francisco, July 3.—The chiefs of the McAdoo, Palmer and Cox forces conferred constantly throughout the night and during the early morning almost up to the hour of the meeting of the convention.

At 9:30 o'clock, the hour of reconvening, the emptiness of the convention hall reflected the sleeplessness of the night for leaders and delegates for all were slow in arriving.

PLATFORM  
IS ADOPTED  
BALLOTING  
IS STARTED

Adjournment Follows Second Ballot, on Which M'Adoo Led With 289, With Palmer 264, and Cox 159.

CONVENTION RECONVENES  
AT 9:30 O'CLOCK SATURDAY

Platform as Adopted Declares For Treaty, Ignores Prohibition and Expresses Sympathy for Ireland.

(By Associated Press.)

San Francisco, July 2.—Two ballots on candidates were taken tonight by the Democratic national convention, and with McAdoo, Palmer and Cox remaining at the head of the list in the order named.

A recess was taken until tomorrow at 9:30 a. m. The McAdoo people, claiming that they were certain to put their candidate over on the fourth ballot, opposed the adjournment, which was taken on motion of former Representative Fitzgerald of New York.

When it was put for a vote there was a loud chorus on each side of the question and Chairman Robinson declared it adopted.

The three leading candidates all gained on the second ballot at the expense of the big field of favorites sons.

## PLATFORM ADOPTED

(By Associated Press.)

San Francisco, July 2.—The Democratic platform as framed in the Resolution Committee declaring for the peace treaty, expressing sympathy for Ireland and saying nothing at all about prohibition, came unscathed through a furious floor fight today and was adopted with out amendment in a great avalanche of applause.

W. J. Bryan led the fight for the adoption of his bone dry plank, but it was buried by a majority so overwhelming that he did not even ask for roll call on the four other minority reports which he had prepared.

## BEER PLANK REJECTED

A cider, wine and beer plank, which had been championed, in an emotional speech, by W. Burke

Cockrane of New York, also was thrown out by the convention, along with a plank for recognition of the Irish Republic, backed by several organizations of Irish sympathizers.

## BRYAN CHEERED

Mr. Bryan got a howling demonstration of 20 minutes after he concluded his speech for the bone dry plank; but when the balloting began, it became apparent that much of the enthusiasm was a personal tribute to his past service to the party and not an expression of sympathy with his present views.

With the platform adopted, the convention was up with its schedule and the voting on presidential candidates began.

There were some hisses when Massachusetts cast one of her 36 votes for William R. Hearst.

A dash of handclapping followed an announcement of the first vote for William J. Bryan. It came from Michigan.

As the roll call went on, there were few states outside those having favorite sons that did not scatter their total among several candidates. Texas was an exception giving her solid delegation of forty to McAdoo.

## LEAGUE PLANK CARRIED

In the fight over the adoption of the platform, the administration's League of Nations plank, as reported by the committee, was sustained against all attack. The administration supporters were in control by heavy majorities all along the line.

Declining to include in the platform any reference to the prohibition issue, the convention rejected both the bone dry plank, fathered by William J. Bryan, and the cider, wine and beer plank, presented by the New York delegation. The official result that finished the Bryan plank was 155½ ayes and 929½ noes. The official total which beat the Cockrane moist plank was 726½ against it and 356 voting for it. Eleven and a half votes were absent.

## BRYAN PLANKS KILLED

Without a roll call, the convention also voted down Mr. Bryan's plank for the publication of an official newspaper by the federal government. His profiteering plank also was rejected by acclamation.

In quick succession, the convention then voted down also the plank offered by Bryan declaring against compulsory military training in peace time. His League of Nations plank shared the same fate, going out in a great chorus of "noes."

A plank for a commission to investigate the feasibility of a soldier bonus also was rejected without a roll call. The substitute Irish plank declaring it is the purpose of the nations to recognize the independence of the Irish Republic also went down to defeat.

## THE BONE DRY PLANK

The Bryan prohibition plank rejected by the convention was as follows:

"We heartily congratulate the Democrat party on its splendid leadership in the submission and ratification of the prohibition amendment to the federal constitution, and we pledge the party to the strict enforcement of the present enforcement law, honestly and in good faith, without any increase in the alcoholic content of permitted beverages and without any weakening of any the other of its provisions."

## BRYAN'S SPEECH

William J. Bryan turned the convention almost upside down late today with the magnetism and force of his oratory and started one of the greatest and noisiest demonstrations the assembly had yet seen.

When Bryan had concluded his reply to the advocates of a wet plank, the demonstration cut loose on the floor.

Bryan, standing smiling in the limelight at the edge of the speaker's platform, and with tears of emotion coursing down his cheeks, reviewed a procession of prohibition enthusiasts who tore up state standards and started a moving column

## A LACK OF BOOZE ENDS WORKHOUSE AFTER 38 YEARS

Formal Closing of Penal Institution at Xenia Affects Fayette County.

Passing of Liquor Reduced Population From Upward Of 100 to Five.

The Xenia workhouse, after an existence of 38 years, owned jointly by the city of Xenia and Greene county, was formally closed Thursday, and the five prisoners in the place were turned over to other institutions provided by the counties from which they were sentenced, or given their freedom.

The story of the institution is told by the Xenia Gazette, which says: "Action of the Work House Board composed of the county commissioners, R. D. Williamson, R. Corry and George N. Perill and of City Mana-

ger Kenyon Riddle several weeks ago at which time it was decided to be impossible to operate the penal institution at a profit, due to the fewness of prisoners recently being cared for, was responsible for the locking of the doors.

"At a meeting of the Board held Wednesday, the five prisoners still confined in the bastle were released. Action was also taken at the meeting to sign a contract with the Dayton Work House for the care of Greene County and Xenia City prisoners in the future.

"The passing of the Work House is the passing of a landmark. For years it has been well-known and recognized in penal circles all over the state, and in its prime has confined within its gray walls thousands of prisoners for both slight and serious offenses.

"The Work House was erected in 1882-83 at a cost of eight thousand dollars and is worth much more than that now at the present status of real estate. The cost was borne jointly by the county and city and it has been since maintained by the two. During the 38 years which it has operated, however, the board has made contracts with nine different counties for care of prisoners at a nominal cost to the committing counties. The counties which held contracts with the local Work House during the prime of that institution were Shelby, Miami, Clark, Ross, Fayette, Clinton, Champaign and Logan.

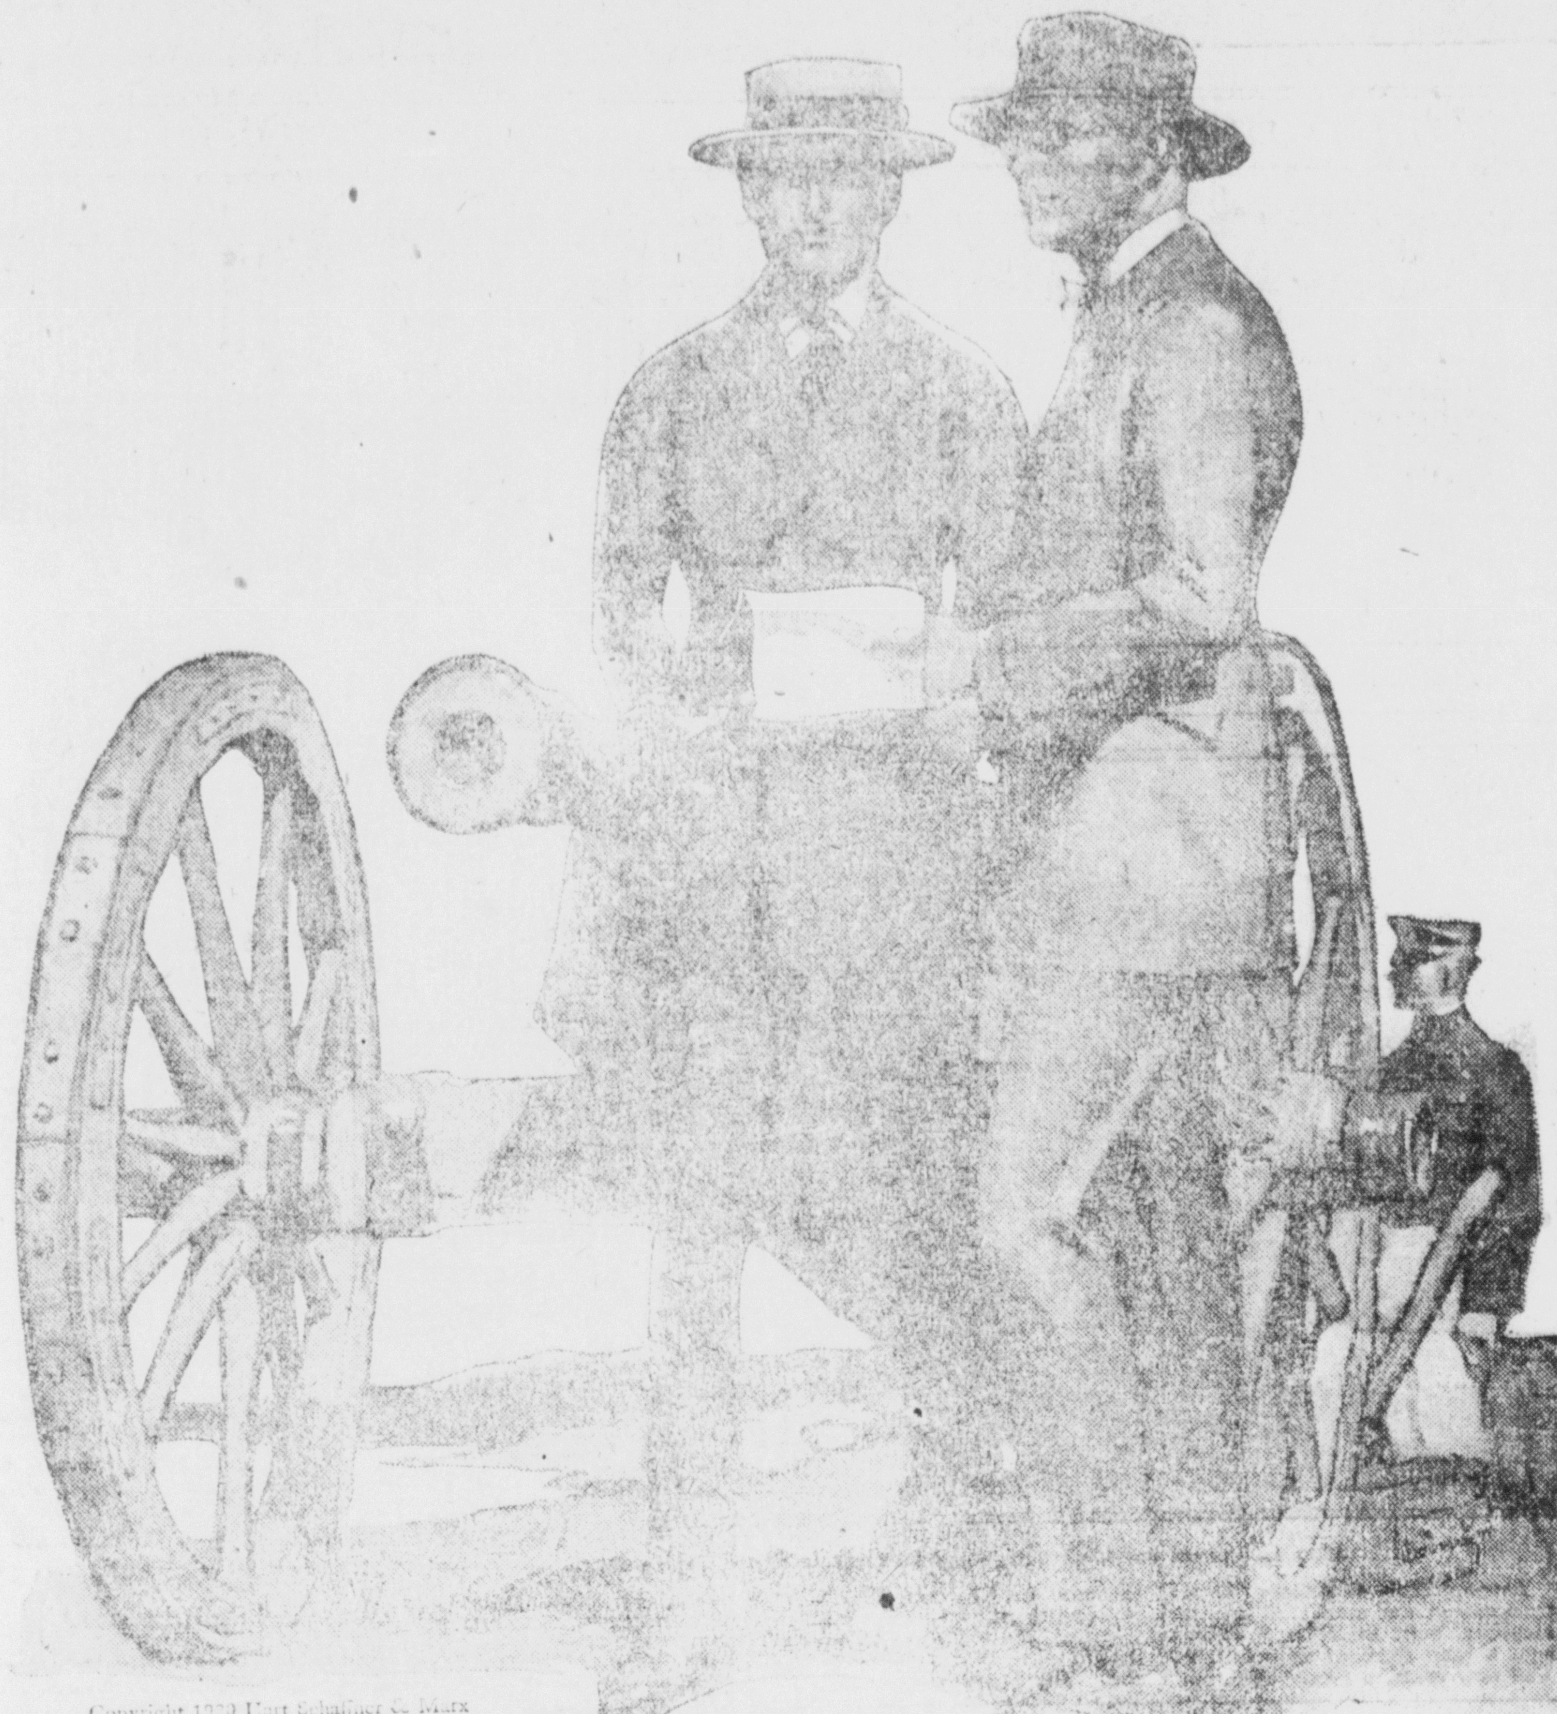

"During the year 1919 the city got 3167 working days out of the prisoners in the institution for work on street cleaning, street repairs, sewage disposal plant, city farm, and city dump. At an estimated cost per day of \$2.40 this amounted to \$7,600.80 worth of labor. The amount paid was but \$1984, which shows that the city secured \$5,616.80 worth of labor free.

"Prohibition delivered the blow that meant the closing of the Work House. Where an average of 70 or 80 prisoners were housed during the pre-cry period, only ten or twelve had been retained recently in the institution. When the Work House closed but five prisoners were there to hear the glad news of their freedom."

# Independence Day should be more than a "picnic"

You're going to have a good time on "the Fourth;" it's the thing to do. But you ought to stop a few minutes to think of the men who gave their lives in order that the United States might be a free and independent nation.

Every one of us can put something of their spirit into business and social life; we can all think more of the rights of others, and lend a helping hand more often than we do. It's something to think about.

## SELECT TALENT TO BE OFFERED BY CHAUTAUQUA

The Coit-Alber Chautauqua is scheduled to open in this city Friday afternoon July 9th and will continue for seven full days until next Thursday night, July 15th.

An array of oratorical talent said to be one of the most evenly balanced ever placed on the Chautauqua platform is distributed over the week with each speaker possessing individual characteristics that will make the lecture one out of ordinary.

Music has not been given second

place but is a varied combination of all that is good in the musical world. Lientance's Little Symphony, Cambrian Welsh Glee Singers, Clemen's Native Hawaiians, and Flecht's Famous Tyrolean Yodlers are headliners in the concert programs.

Probably the single event of the week that will be foremost in the minds of the Chautauqua audiences is the reappearance of Percival Vivian, who starred last season in "Seven Keys to Belpate," in "Nothing But the Truth" a farcical comedy in three acts that has been one of the most successful plays presented to Broadway audiences in years.

Mr. Vivian, has just concluded his work as director of the great religious pageant, "The Wayfarer" produced in Madison Square Garden, New York City, is one of the few really great

actors who also possesses managerial ability. The personnel of the company which will present the play in this city is made up of the best talent, each player selected by Mr. Vivian especially for the individual roles.

Each day has been arranged according to the following schedule: Junior Chautauqua every morning except Sunday; afternoon music 2:30; afternoon lecture, 3:15; evening music, 8:00; evening lecture, 8:45. Programs will end not later than 4:15 in the afternoon and 10:00 at night.

## \$5,000 DAMAGES ASKED OF FIRM

Edward Lemley, Greenfield, has filed suit against the Greenfield Stone Company, asking \$5,000 damage for injuries sustained while in the employ of the company.

The plaintiff, who is a minor eighteen years of age is suing through his best friend, Anna Lemley. Plaintiff's petition says that from April, 1919 until June 1920 he worked for the defendant company as engineer of a "dinky" gasoline engine used in the quarry at Greenfield for moving small cars. He says that the exhaust pipe on the engine was so placed that it discharged fumes in his face and he necessarily inhaled them; and that the fumes and gases got into his eyes constantly. Plaintiff further says that as a result he has become ill and his eyesight is dangerously impaired. Claiming that the conditions under which he worked were known to the defendant company and that they neglected to remedy the improper placing of the exhaust pipe, the plaintiff prays that a judgment for damages to the amount of \$5,000 be granted him.

American Beauty, Member Chicago Grand Opera Company, Sings Program at Chautauqua This Year

JESSIE ISABEL CHRISTIAN

Jessie Isabel Christian, soprano, formerly with the Chicago Opera Co. and known to American opera lovers as a singer whose name is linked with those of Melba and Galli-Curci, is appearing this summer in concert work on the Chautauqua program. Miss Christian, who is recognized as a coming star, made her first real debut in America when in 1917 she was called upon to take Galli-Curci's part in "The Huguenots." Her success immediately made her fame secure.

Miss Christian, although a native of Iowa, has received her musical education in France. She has sung in the Paris Opera, Opera Comique, and other European houses.

FINE MUSICIANS, GERALDINE EDGAR, VIOLINIST, AND ROBERT MacDONALD, PIANIST, IN BIG JOINT RECITAL

Geraldine Edgar, violinist, and Robert MacDonald, pianist, appear this summer on the Chautauqua program with Miss Jessie Christian, soprano, of the Chicago Opera Co.

Mr. MacDonald, who has been in Chautauqua and Lyceum work for some time, is a fit accompanist for an artist of the quality of Miss Christian. Miss Edgar has a charm and personality of her own that adds her talents as a violinist.

Miss Mildred Clemens, cousin of Mark Twain, lectures on Hawaii and brings Hawaiian singers with her on Chautauqua's third day.

Miss Jessie Christian, one of America's coming opera stars, is appearing this summer in concert work on the Chautauqua program.

Miss Christian's name is linked with those of Melba and Galli-Curci, for her appearance with the Chicago Opera Co. and her success in suddenly filling Mme. Galli-Curci's place in "The Huguenots" in 1917 at once brought her to the front as one of America's greatest sopranos.

Jerome Davis, Jerome Davis will tell Chautauqua audiences this summer about conditions in Russia as he viewed them in the role of a Y. M. C. A. secretary.

## MAKING TESTS ON STRONG BOX

(By Associated Press)

Washington, July 3.—Government experts are emulating the "Jimmy Valentine" of the underworld at the Bureau of Standards in their effort to decide upon the type of vault to be selected for the protection of deposits of the Federal Reserve Board. A number of vaults, embodying in their construction the latest anti-burglar ideas have been completed and tests are now under way to determine if they are sufficient "proof" to be entrusted with the millions of dollars which the Board distributes among members of the reserve system.

The specimen vaults are of concrete, reinforced with various materials guaranteed to discourage the most patient drill pusher. In some of them sheets of case-hardened steel have been inserted between layers of concrete. While iron rails arranged in tiers, have been placed in others. A quantity of hard glass is to be tested in one vault, the opinion having been expressed that this material will dull the sharpest drill, while fusing before an oxy-acetylene torch.

Dynamite and the more strenuous "soups" will be used by the government experts, as well as every mechanical method yet put forward by the masked cult.

## WILMINGTON FIRMS ENLARGING PLANTS

Doors have recently been hung to a very large addition to the plant of the Farquhar Furnace Co., in this

city, adding very materially to the factory. The business of the concern has been growing in such a marked way during recent years that the factory built a few years ago along the Baltimore and Ohio Railroad, not far from the station has been outgrown. Progress is being made on the large addition to the plant of the Irwin Auger Bit Co., and the very large addition to the plant of the Wilmington Casting Co. is completed, thus proving a decided advance in the many manufacturing industries of the city.—Wilmington News.

## TWO RURAL TEACHERS OFFER RESIGNATIONS

Two resignations of teachers in the rural schools of the county have recently been handed in to Superintendent O. S. Nelson, Hoadley S. Warner, of Mt. Sterling, who had been employed this year to teach one of the upper grades at Waterloo, has resigned, and Miss Susan Godfrey, of Oxford, who for sometime has taught the Demonstration School at White Oak, has handed in her resignation.

The resigning teachers have not announced their future plans. Genuine regret is expressed at the resignation of Miss Godfrey who has most capably managed the Demonstration School, a task which requires no little training. Mr. Warner had left the teaching field for several years and only this season had planned to re-enter the work.

## SOUR MILK What's More Annoying?

The housewife is preparing a meal, or perhaps it's baking day; it might be that company has stepped in unexpectedly. She prepares to use her Milk and—of all things—it's sour.

Now if you can think of anything more aggravating than that, we'd like to know it.

If that has happened to you, after you have used proper precautions during warm weather, it's a safe assertion that your milk was not properly cared for by the dairyman—it was not pasteurized—for there is no denying the fact that pasteurized milk will keep better in warm weather than other milk.

The reason is just as simple as the reason for pasteurized milk being pure—the bacteria which causes milk to prematurely spoil has been eliminated in pasteurization.

## The Taxation Plank

The Republican State Convention, in the plank on taxation, inserted in the adopted platform, starts off on the road to new taxation laws and a measure of home rule, in matters of taxation, to the municipalities of the state.

While the taxation plank begins with a statement affirming the "underlying principles of the Smith law" yet there is in the remainder of the taxation plank a manifest edging away from that law which has been the despair of Ohio cities and a terror to politicians and public officials for several years.

The party lacked the courage to declare squarely against the Smith law in so many words—action it should have taken. But still it passes it up with nothing more than a vague and meaningless mention in the hope of quieting the opposition of those who cling to that law as their only anchor without appreciating that it is nothing more than vote catching political bunk.

The remainder of the plank promises to take the bridle off of all Ohio municipalities so far as tax raising tax spending is concerned, so long as it is approved by a vote of the people concerned and so long as the debt incurring limitations are observed.

The platform is hopeful in that it promises to put a stop to the piling up of debts to meet current expenses and declares for a "pay as you go" program. Municipalities can spend as much as the people please but they cannot go on piling up new debts with no means of ever being able to pay and with no thought of or concern for old indebtedness.

The plan, of course, is subject to the objection that the cities are given free rein and may become extravagant. That may be, but they will soon check expenditures when the "pay as you go" plan begins to be effective. People are not nearly so likely to be reckless in expenditures when they pay the bills as they will when they can and must "just owe for it."

On the whole we like the taxation plank. It promises a break away from the old debris which has been clogging the channel. It really, too, shows some courage and holds out a measure of hope a little unusual for political parties in these times.

## "Lest We Forget."

While we are all complimenting council on what has been done, it is not out of place to urge once more that investigation be made of the sidewalks of the city and proper action taken to secure better sidewalks where conditions demand improvement.

We have been so busy endeavoring to secure better streets and better railroad crossings that we have overlooked the conditions of the sidewalks. Some of the sidewalks in the business section of the city are in very bad condition and will be entirely out of harmony with the new streets for which we are spending thousands of dollars.

With the sidewalks repaired and the railroad crossings in passable shape we will be well along with public improvements. All we need now, to insure results, is action by council.

## Unrest Again Noticed

There has been quite a noticeable revival of the unrest, the discontent and the assertion of wage demands on the one hand and refusal of employers on the other.

Just what has revived these old disputes and at a time when we were beginning to congratulate ourselves that we were entering on "normal" times again is the subject of differing opinions.

That the unusual political activities of the past month—the coming of the two national conventions, the framing of declarations of principles and nomination of candidates has been an important factor is conceded.

Fed up on political promises those unacquainted with the methods of politicians, have taken promises of a better future and the abuse of their rivals, literally. Backed by promises of truckling politicians, the discontented and the idealists, the rabid radicals and the unscrupulous profiteers are all taking themselves seriously and proceeding to exercise, in thought and action, the free rein they have been told is theirs by right.

## POETRY FOR TODAY

### CONVERSION

Oh, I have felt a ship's deck  
Heave under me and so  
I know what gods and poets  
And sailormen must know;  
Why shiftless folk go seeking  
What the thrifty folk despise;  
How broken men and cruel  
Have beauty in their eyes.

Since I have seen new planets  
Pricked in a deeper blue,  
I know what Drake and Frobiher  
And old Magellan knew,  
And no snug folk in harbor  
Need ever question me  
Why men who hate her thralldom  
Go back again to sea.

—Bookman.

## CROP BULLETIN WEATHER NEWS FROM BUREAU

Columbus, O., July 1.—Rains have fallen in northern Illinois and eastward, including most of Ohio, and southward to central Kansas and southwestern Missouri; also in western Dakota and southwest Montana. Fall was heavy to excessive in eastern Kansas, where the amounts ranged from one to four inches, and it exceeded an inch in portions of Missouri, Ohio and southeast Iowa. The heat wave is now practically general throughout the Region with no indication of a change.

Weekly Weather and Crop Report for the Ohio Section for the Week Ending June 29, 1920 shows that farm work was somewhat delayed in some sections the first of the week on account of moderate to heavy rains but more favorable conditions prevailed the latter part and good progress was made, although some fields are still quite weedy. The weather was most too cool for the best development of corn but nearly all other crops made substantial growth. Winter wheat continued to make satisfactory to very good progress; the straw is short but the heads are unusually large and well filled; harvesting was begun in southern counties and will become general in the next ten days or two weeks. Oats are growing rather slowly. Haying is underway with the promise of a large crop of good quality. Tobacco is late but doing well; gardens, fine, fruit still dropping in some sections.

The Summary of Weather and Corn Conditions in the corn and wheat region for the week ending, June 29, 1920, from Washington, D. C., June 30, 1920 shows that the temperature during the week was mostly near normal, although in the Northwest the weather was too cool for corn and most truck crops. The rainfall was mostly of a local character and some interior areas are badly in need of more moisture. Corn improved with more favorable weather conditions in the central and western producing states; but the weather continued too cool in the eastern districts while more moisture was needed in the central Mississippi Valley. Winter wheat harvest progressed under very favorable weather conditions while the weather favored the development of the crop in the more northern sections, especially the upper Great Plains and upper Mississippi Valley. Spring wheat made good to excellent progress generally and its condition is very satisfactory in most sections of the belt except in some southeastern sections where it is rather unsatisfactory. Oats, barley and other small grains were favorably affected by the weather in central and northern sections although oats made slow growth in portions of the Ohio Valley and is heading short in much of the upper Mississippi Valley. Potatoes and most truck crops generally made satisfactory development while pastures and ranges improved except in some central and southeastern districts where much more rain is needed.

## THE POLITICAL SPORTING EVENT OF THE SEASON—PICKING THE WINNER

## PORTUGUESE HAD DIFFICULTY WITH WORD "OVERALLS"

Rio De Janeiro, Brazil, (By Mail).—One result of the movement against the high cost of living in the United States has been to add a new word "overalls" to the Portuguese language.

When the overalls movement started in the United States recently newspaper men here translating the Associated Press dispatches from English into the Portuguese language were perplexed. The literal translation would be "sobretudo," but as this means overcoat in Portuguese it would not serve. The translators finally decided on "roupa de operario" which in English is "workmen's clothes."

At present, however, since photographs have arrived from North America and the movement has been started here, no further effort is made at translation. The simple English word "overall" has been

adopted by newspapers and public alike.

The movement is gathering momentum in Rio de Janeiro and vicinity. Agitation started by newspapers has been taken up by students

who in a mass meeting, resolved to lead the way in imitation of North Americans in combating the high cost of living.

Mr. and Mrs. Adam Brust, of the Plymouth pike, celebrated their golden wedding anniversary Thursday. July the first with a hundred relatives and their five children in attendance.

The occasion was a most joyous one with felicitations upon half century milestones poured upon the happy bride and bridegroom and everything passing off delightfully. A sumptuous basket dinner was served on long tables, placed in the house and on the lawn, roses and sweet peas prettily used in decoration. Music was enjoyed throughout the afternoon.

Much interest attached to a quartet of guests, Mr. and Mrs. Earl Hudson, Mr. and Mrs. Merl Hudson, who while on their honeymoon trip came to the fiftieth anniversary feast. These young couples, the brides nieces of Mr. and Mrs. Brust were married in Cincinnati on Tuesday and attracted quite a little newspaper attention from the fact that the brides were sisters and the bridegrooms twin brothers.

Mr. and Mrs. Brust moved from Pike county to their present farm seven years ago and have made many Fayette County friends who share in the interest of their anniversary.

The five children here to attend were the sons, Charles of Omaha, Nebraska, of Kansas City Mo., Lon, of Oklahoma City, Okla. and two daughters.

ters, Mrs. Charles Hawk, of Sedalia and Mrs. John Lillick, of Waverly, who were accompanied by their families.

## 'SAFE AND SANE' FOURTH PLANNED FOR WASHINGTON

Washington is to have a "safe and sane" fourth—outside of a great deal of fire cracker shooting and small fireworks.

However, there will be amusements and sports offered for the public in general.

Formal opening of Oak Lawn Park on Clinton Avenue at one o'clock

Monday afternoon with concerts by Whelpley's Imperial Band and dance music at the new pavilion by Wilson's Orchestra of Columbus. The same attractions hold over for the evening.

Second game of the series at Sunnyside Park between the Washington Athletics and the Potomac Tramps of Cincinnati starting at 2:30 in the afternoon.

Rhoda's Royal Circus is scheduled to give two performances, one in the afternoon and one in the evening, with the street parade arranged for 10:30 Monday morning.

Then, within a fifteen minute drive of this city in any direction Fayette county offers great patches of cool shade for that holiday. The miles of grassy creek banks along which many will lounge while dangling for the busy tribe.

## ATHLETIC BACKSTOP GOES TO STUTTGART

The Washington Athletic Baseball Club received a serious setback with the word Thursday afternoon from Sam Emery that he would not be able to play with the club during the next four games, having accepted an offer from the Stuttgart team of Arkansas to catch 21 games during the month of July.

This means that Harley Adams will be brought in from right field and placed behind the bat while Moorehead will go to the sun patch. Adams is a clean cut catcher but the absence of the energetic Sam will be missed during the next four contests. He writes that he will be back on the job for Sunday August 1st.

It is understood that Emery is to receive all expenses and \$500 for catching the 21 games of July, an offer which he could not very well overlook.

## ANDREWS PAVING CO. TO REPLACE GUTTERS

Gutters on East Court street and East street are to be replaced by the Andrews Asphalt Company by whom they were guaranteed for five years. The gutters have recently shown signs of decay and have leaked off in various places.

Upon investigation by Safety Director Tracey it was determined that the gutters must be replaced and the Andrews Company promptly made good the guarantee with the announcement that new gutters would be placed on these streets. The defective guttering is now being removed.

## BUSINESS HOUSES TO OBSERVE FOURTH

Practically all business houses of this city will close Monday afternoon, the legally observed Fourth of July, although there may be a few outlying stores remain open. Announcement is made by the druggists that they will in all probability remain open all day.

## OIL FOR PIKES IS ON SIDING

The first car load of oil to be used on some of the main highways of Fayette county, has arrived and will soon be distributed to the surface of the roads which are to receive such treatment to preserve the road and put an end to the dust.

One of the sections to be thus treated probably will be the small strip from the Paint creek bridge to Bloomington, on the Devalon road.

# Beautiful Oak Lawn Park

will be formally opened

## Monday, July 5

The gates will open at one o'clock and will be open throughout the afternoon and evening. Concerts will be given afternoon and evening by Whelpley's Band.

Wilson's Orchestra, of Columbus, one of the best musical organizations in the capital, will furnish music at the new dancing pavilion afternoon and evening, and each evening next week.

The tea rooms will be open all day and refreshments of all kinds obtainable.

The management takes this opportunity to announce its policy. It is the purpose of the Oak Lawn Park Company that the park operation be kept consistently at the very highest standard. This policy will be carefully maintained and any co-operation from the public to this end will be welcomed.

We intend that Oak Lawn shall be a clean, comfortable, inviting place to come to. The public can help in making it so.

Oak Lawn Park was formerly the Ustick property and is situated on Clinton Avenue, just beyond the point. Excellent parking facilities and car protection provided.

# A JOHNS-MANVILLE Asbestos Roofing At a Popular Price

Here is a Johns-Manville Asbestos roofing at a popular price. No longer is it necessary to put an inflammable roof covering on inexpensive or even temporary structures. You can now buy the fire protection and long service of asbestos for every one of your buildings—and the first cost is the only cost.

Not a cheap roofing. Quality has not been sacrificed. But it is low in cost to you because quantity production has cut manufacturing costs.

This roofing has been made known to you through the national advertising of the Johns-Manville Co. Our stock now includes the popular priced all-asbestos Johns-Manville roofing.

# Asbestone

(Approved by Underwriters' Laboratories)

Is literally a stone roofing. It is composed of layers of Asbestos fabric plied together and waterproofed with natural asphalt. May be laid by any one; only a hammer is necessary. Each roll contains all necessary fastening materials.

It defies time and repels fire. Being all mineral, there is nothing in it to disintegrate, dry out or rot. It never requires painting, and it will give years of service without need of repairs.

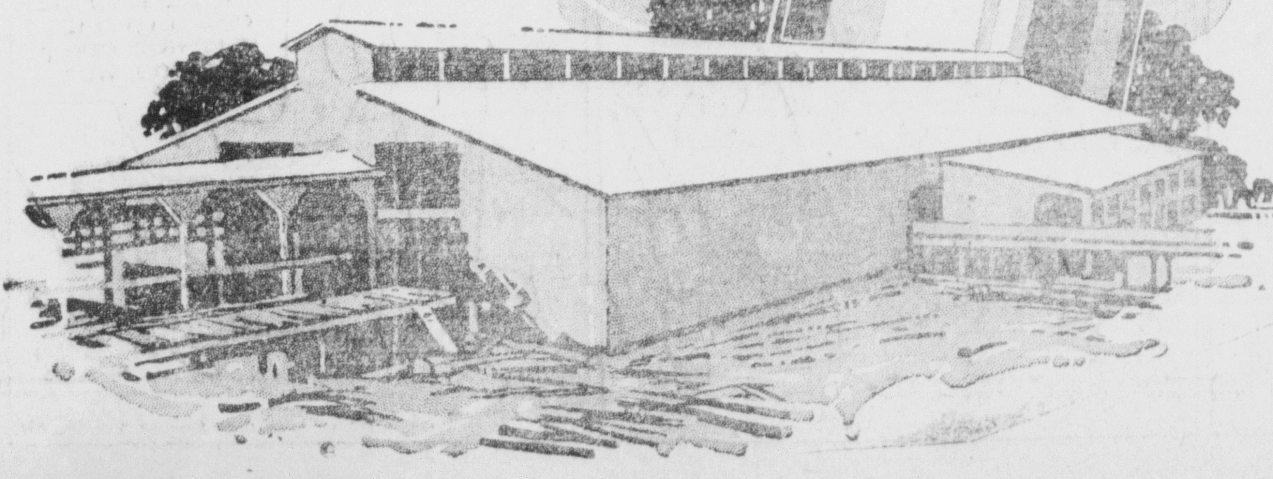

## The Guaranteed Roofing

Whether you buy Asbestone or any other Johns-Manville Asbestos roofing you can register it with the Johns-Manville Co. through us. Registration means that Johns-Manville responsibility does not end with the sale—it continues until you get the roofing service promised.

Let us explain Registration and tell you why Asbestone means an investment in economy and roofing service. Defer your roofing purchase until you know all about Asbestone.

To Dealers: We are the authorized distributors in this territory for Johns-Manville roofings and building materials. Ask us about the advantages to you in handling this splendidly advertised line.

## EVERY BLEMISH REMOVED IN A FEW DAYS

By a New Method, and Thin, Pale People Increase Weight Quickly By Simply using a Few 5-Grain Argo-Phosphate Tablets. They Act Like Magic.

Even in many stubborn cases that have baffled physicians and beauty specialists for years. You have never in your life heard of anything like it. They make muddy complexions, pimples, eruptions, red spots, black heads vanish quickly. Your complexion can be clear and you can have a beautiful round figure. Your face, hands, arms and shoulders can be made beautiful beyond your fondest dreams in a few days by this wonderful new discovery which phosphatizes the system. Its effect many claim is marvelous this treatment is absolutely harmless to the most delicate person and pleasant to use.

SPECIAL NOTICE:—Ladies wishing to increase bust development should secure one or two ounces of Rosetone, from their druggists and apply once or twice daily. This is a most effective remedy and perfectly harmless when used in connection with argo-phosphate. It will round out your form and increase your weight like magic; unless you desire to increase your weight do not use argo-phosphate. Dispensed by Frank Christopher.—Adv't.

## GERMAN FILMS

Rio de Janeiro. (By Mail)—North American moving pictures, which during the war period enjoyed a virtual monopoly in the Brazilian field are now encountering competition of German-made films. For the first time since 1914, German films are being used in local theaters.

# BASE BALL TEAMS ARE ALL BOOKED

Sunday and Monday of next week will see more baseball teams from Fayette county in action than ever before. The three clubs of this city have scheduled games on both Sunday and the calendar Fourth of July for the legal holiday on Monday.

In this city the Peppers Tramps of Cincinnati will be the drawing card at Sennyside Park on Sunday and Monday. It is expected that the largest crowds in the history of local baseball will see these two contests. In the two games played between the Athletics and the Peppers Tramps the victories have been even and the decision both times was 1 to 0. The appearance of these teams in a two-game series has created interest all over the county.

The Washington Greys, managed by Herbert Leach, will play two days also and will go to South Solon Sunday where they will hook up with the Red Sox of Springfield. Both teams will be playing on foreign fields. The Greys are arranging for a Sunday game but had not succeeded in obtaining a contest Wednesday.

Under the management of R. Groover the Arcade Club will make its initial performance before the public Sunday at Petersburg and on the next day in a double header at Wayneville. The lineup for the games will be: Johnson, 3b; Weaver, R; Wiley, cf; Howe, 2b; Brown, 1b; Whitely, cf; Howard, ss; Sollars, p; Melvin, p; Rowe, p; Blue, c; Lindsey, c.

The Jeffersonville Tigers will be in action on both the 4th and 5th. On Sunday they meet Balmbridge and on the Monday holiday the Springfield All Stars will be the attraction on the Jeffersonville diamond.

## GOES TO PORTSMOUTH TO IDENTIFY SUSPECT

John Andrews, employee of the Palmer Garage on East street, goes to Portsmouth, Friday, where he will attempt to identify a man under suspicion by the sheriff of Scioto county as the man who stole a Jackson county Ford automobile and then drove it to this city where it was abandoned when the chase became too hot.

The Ford was driven to this city on Tuesday two weeks ago and offered for sale. Not being able to sell it he left it in the Palmer Garage and then disappeared. The owner of the stolen car with the sheriff of Jackson county came the next day and identified it as his property.

Andrews was the only man having opportunity to view the man closely while he was here and remembers very distinctly his appearance. Deputy Sheriff A. C. Nelson received a long distance call Thursday afternoon from the Scioto county Sheriff saying that he had a "man" in the Portsmouth county jail who answers well to the description and asked that Andrews be sent down to identify him.

# THREE-YEAR TEST PROVES GREATER PROFITS FROM PUREBRED LIVESTOCK

EDMONTON, ALTA.—Results of experiments conducted at the government experiment farm at Agassiz, B. C., demonstrating the greater profits from purebred farm animals over grade animals are interesting to the farmers of western Canada where the trend has set strongly toward mixed farming with dairying an important factor in the situation.

A yearly comparison was kept of the farm for three years. The five best purebred Holstein cows and the five best grade Holstein cows. It was found that the purebreds produced annually 1,475 pounds more milk and 163 pounds more fat per cow and yielded an

average profit over feed cost of \$27.64 more per cow than the grade animals.

A record was kept of the progeny of the senior sire in the Holstein herd at the Agassiz farm from December, 1916 to December, 1918. In that time, the bull was the sire of fifteen grade and twelve purebred heifers. Putting the topmost value on the grades, they are worth today \$175 each while the dozen purebreds are valued at twice as much and yet cost no more to raise. The purebred bull calves sired by the same herd leader in the same period were sold at \$100 apiece to farmers for breeding purposes, while the grade bull calves were sold for veal.

## JUNE HONOR ROLL ON BOWLING ALLEY

The month of June saw many good bowling scores made on the Y. M. C. A. alleys and the Honor Roll this month contains as many names as any previous list. The highest scores of those qualifying by rolling over the 200 mark were:

Fred Jones, 234; S. M. Fletcher, 221; Frank S. Jackson, 204; R. C. Peddicord, 204; Bert Ellis, 225; A. W. Duff, 205; R. S. Harper, 214; Lang Johnson, 201; Rev. K. B. Alexander, 201; Ed Evans, 217; J. E. Sheppard, 217; Earl McLean, 214.

"Five Back" is becoming popular but few have been able to qualify for the Honor Roll by rolling 50 or better. The scores for June were S. M. Fletcher, 53; Fred Jones, 51; Paul Smith, 56.

Another game which has been played during the summer months is "Duck pin" and several have qualified during June for the Honor Roll by scoring 100 or better. The scores rolled were: Earl McLean 113; Gene McLean, 118; Willard Story, 109; Harold Hays, 106; Charles Allen, 106; R. S. Harper, 102; Jay Burnett, 111; Austin Peters, 104.

## MEMOIR OF JAMES GAULT

James Gault, son of John and Elizabeth Gault was born two miles north of Washington, November 20, 1837, was called from the scenes of this earthly life June 28, 1920, aged 82 years, 7 months and 8 days.

His father and mother emigrated from Old Virginia and settled on the farm where he was born and where he spent his entire life with the exception of the last four years. About ten years ago his health began to decline and during the last few years he was a confined invalid.

On the 4th of March 1865 he was united, in marriage to Miss Rebecca Jane Davy with whom he lived happily for more than fifty years. She preceded him to the Great Beyond, Nov. 10 1917. To this union 6 children were born, three of whom are living whose names are as follows: Frank, Alva and Jess all of this city, he is also survived by one brother Isaac Gault, living two miles north of this place, one sister, Mrs. Harriet Hidy, of this city. Also 7 grand children and one great grand child, two of the grand daughters were unable to be present, Mrs. Robert Rothrock, of Omaha, Nebraska and Miss Margaret Gault, of Lorain, Ohio. As a friend he was ever loyal and true he was a kind and obliging neighbor ever ready to share with others and to extend a helping hand to those in need, to those who needed help he was sympathetic and ready to render an act of kindness whenever possible. His long life will be remembered with many beautiful memories. When we asunder part it gives us inward pain But we shall still be joined in heart And hope to meet again.

## CARD OF THANKS

We wish to thank Rev. Groves for the comforting words, our neighbors who was so kind in our bereavement; Mr. McCoy for his assistance also the lodges and friends for the beautiful floral tributes.
